

IMPACT ACADEMY IS EXPANDING

Impact Youth –2x Freelance Dance Teachers (London Based)

PROJECT BASIS-NOT A PERMANENT POSITION OR EMPLOYED ON CONTRACT

Impact Academy is expanding and we are looking for 2 teachers to come and work with us on an exciting new academy in London. Ideal for a recent graduate looking to establish themselves within a successful youth dance company.

BACKGROUND

Impact Dance is a Hip-Hop Theatre Company, Street Dance Organisation and Educational Facilitator based in London, which has been established since 1995.

Impact Youth was the foundation of the Impact Dance Company in its inaugural year in 1995. From there it has grown to be one of the most successful Street Dance Youth companies of its time. In 2005 Impact Youth became the first London company to represent their region at England's National Youth Dance Festival (now known as U.Dance) in Birmingham. The company has performed at various venues and events and worked with large institutions including: NEC and NIA Birmingham, Sadler's Wells, Peacock theatre, Nickelodeon TV, Royal Ballet School, C4 amongst others. Impact Youth creates dance theatre pieces combining a range of different styles including hip-hop, street dance, contemporary movement and physical theatre to create narratives.

The Academy represents the practical and mental ethos of Impact Dance for young people aged 11-17 years. We aim to allow ordinary young people to achieve extra-ordinary things through the medium of dance, all the time teaching leadership and life skills to equip the youth with the capacity to realise their potential and become a Fully Functioning Individual. The teachers that represent the company are trained to deliver high quality classes all within the ethos of the company. Our current Academy is made up of over 20 young people who train once a week on Saturdays from 10-2pm at Urdang 2 and work in partnership with the Urdang Academy.

ROLE

Main tasks and responsibilities

- Plan and deliver a series of dance sessions with a focus on progression of technical and creative dance skills.
- Build a momentum within class, which promotes growth and progression whilst broadening the young dancers knowledge of dance, particularly Hip/Hop/Street dance.
- Clear classroom management, engaging and motivating young people, with the ability to adjust and alter teaching style in order to be inclusive.
- To contribute and develop own artistic ideas choreographically and rehearse these ready for performances as they arise throughout the year, sometimes working closely with the Artistic Director.
- Willingness to train and develop skills alongside Artistic Director and or any internal or external training modules recommended.
- Maintain good communication with the Youth Academy Manager regarding all sessions.
- Have a long-term commitment to Impact Dance. Maintaining a professional approach, being punctual and reliable and notifying the Youth Academy Manager if for any reason you are unable to attend a session.
